Front Row: Brett Beattie, Harris Ljeti, Giordano Sorrentino, Carlos, Jared Zytner, Shane Beaton -Goalie

## **Season in Review**

The Boys Under 12 team has had a successful year. Their hard work, commitment and "never give up attitude" for the game proved to be successful for them. Their soccer skills have increased to a level of excellence, which has made them stronger competitors at every level. The coaching staff is extremely proud to have worked with these players.

## **Winter-Indoor Soccer Season at Novelto Complex**

The boys played very competitively during the indoor league this past winter. They played up a division in the U-14's category. Some of the players were two years older. This did not seem to disadvantage them as they ended the season tied for second.

## **University of Michigan Indoor 3v3 Tournament "CHAMPIONS"**

What an exciting time the boys had competing in this 3v3 tournament. This was the very first opportunity for the boys to compete in these very fast games. We entered 3 teams and one of our teams became the champions against a very challenging team from Vardar in a shoot-out. We will be back!!

## **MASC Tournament**

This tournament was held early April in Fairfield Ohio. The boys were not quite prepared for outdoor play and were plagued by injuries. Our team did not advance into the finals. It was a great way to start the outdoor season and come together as a team.

## **Bluewater Early Bird Tournament "CHAMPIONS"**

Congratulations to the 1994's on their very successful tournament in early May. The team's preliminary record was 4-1-0. Their competitors were not ready for them, as they dominated game after game. The only team that gave the boys a little trouble was the team from Erin Mills. The boys definitely wanted the win more than their competitors as they finished the match 2-0. It was a wonderful Mother's Day present to all of our soccer moms.

## **Canton Cup Tournament. "FINALISTS"**

The boys were on a mission to be in the championship round in the Canton Cup. Their record was 3-0-0 in the preliminary round. Unfortunately, they were defeated by a more rested Waza team in the extreme temperatures of 96 degrees. The boys became the Finalists of the tournament.

## **St. Thomas Soccerfest**

The boys wanted a challenge in June and they got it! Our team played up a division at the Soccerfest. The boys were big and strong, but this did not stop our boys. They advanced into the Semi-finals. The speed and strength of our competitors eliminated us from the finals.

## **Kitchener International Tournament**

The boys competed at a very high level in Kitchener. We finished the preliminary round as the top seed in our group, but lost in the semi-finals to a bigger and faster Brantford team.

## **Fall 2006-Michigan Premiere Soccer League**

The 1994 boys are currently in second place and have one loss against Vardar. Our record is 7-1-0. They are playing in the U-13 division, against boys that are up to 1 older than them. We were fortunate to add a few new players to our roster for fall. They have contributed a great deal to our successes. The boys quickly used their skill and speed to work through the much larger and stronger boys. Their knowledge of how to play the game has advantaged them against these teams. They dominate almost every team. Great job boys!!

## **Special Note of Thanks:**

The team would like to thank our outstanding coaches, Greg Cazzola and Sean Renaud for their time and commitment to the team. The successes of our team start from the top. We appreciate all that you do.

## **A special thanks to:**

Junior Findlay, who has supplied the team with some great photo shots of our games.

To all the Dads that made the tournament BBQ`S a special memory for us all. Your time, effort in supporting the team did not go unnoticed.

To all the soccer Moms thanks for all your assistance with the potlucks.

A special thanks to my assistant manager, Nancy Wilkinson, who has stepped in on numerous occasions, at a minutes notice, to help out our team She is a tremendous assistant!! Thank You!

In conclusion, we would like to thank all of our parents, who made sure the kids were where they were supposed to be throughout this busy year. You are the best!!
