

Scholarship Winner 2003

Chris Hart

A product of the Windsor Soccer club, Chris has played for Windsor F.C. Nationals since he was 9 years of age. He attended St Anne's High School, where he was the Captain of the soccer team and their MVP, he was also named male athlete of the year all in his final Grade 12 year.

If you combine all this with making All City in two sports, soccer and football, being named Windsor F.C. Nationals MVP for the U-18 team, you get the picture of a dedicated athlete. He has volunteered consistently over the past years for the Italian Handicapable Soccer Tournaments, the FC National tournaments, and various OSA clinics.

Chris has entered The University of Windsor Human Kinetics Program, and we wish him well in his future education.

October 10, 2004

Chris Hart is an excellent example of how the Windsor F.C. Nationals program is working so well in developing this areas young player's in to some of the best in the Province. The many years of receiving good coaching and excellent competition have helped Chris become one of the better central defenders in the University league and I believe his best years are still ahead of him.

He joined the University of Windsor Lancers in 2003 and in no time had pushed his way into the starting line up where he was putting his talents to work against some of the best goal scorers in the country. His outstanding season was noted and he was voted Rookie of the Year in 2003 something he was well deserving of.

Chris is not only doing a fine job on the soccer field but more importantly he is also achieving excellent marks in the classroom while studying for his degree in Human Kinetics. I think he is an excellent example for all of the younger soccer players in the Nationals organization and we are very happy to have him at the University of Windsor.

Sincerely,

Rick Clews
Men's Soccer Coach

Windsor F.C. Nationals Scholarship Fund

We encourage all players of the Windsor F.C. Nationals Soccer Club to seriously consider the awards provided by the Nationals in the pursuit of higher education. Scholarship funds are made available to Nationals players of the graduating team. The candidate for the scholarship fund must make an application in writing. Although the years of playing as a Nationals is reviewed by the board, all activities involving the promotion of the great game of soccer is of most importance for the application.

To this end, we urge young players to promote soccer in the way of volunteering assistance, refereeing, coaching, and more. For more information, contact your coach.
